I am managing an essential oil operation in Eswatini...know as Swaziland.

I need to know what is the minimum and maximum altitude *Eucalyptus radiata* will grow?

Resposta por Celso Foelkel: / Answer by Celso Foelkel:

Mr. Kruger, unfortunately I'm not so familiar with the preferred habitat for *Eucalyptus radiata*.

However, there are good books and articles to find valuable information about the natural distribution of this forest species.

I suggest to search and to read some of them, such:

And to carefully browse the web with Google, with a search related to this topic.

For example:

Good luck.

Best regards
