**Título:/Title: *Looking for Eucalyptus grandis* wood chips from Brazil**

**Por: / by: Jimmy Li**

**E-mail: [kotejimmy@gmail.com](mailto:kotejimmy@gmail.com)**

**Questão: /Question:**

**Dear Celso,**

My name is Jimmy Li. I am the General Manager of Canadian Technology and Resource Trading Co.,Ltd. Our office is the Canadian affiliate of the Chinese pulp and paper company, supervising the resource procurement operation in North America including white pine wood chips for our plant in China. Due to increasing demand of the Chinese market, last year our company decided to explore the opportunity to purchase *Eucalyptus grandis* wood chip from Brazil to expand production.

Currently, we have a production line of dissolving pulp in operation since 2011. Last year, our volume of wood chips was about 400,000 BMDT, majority *Eucalyptus globulus*. We plan to purchase of *Eucalyptus grandis* wood chip from Brazil. But I am not able to find a reliable supplier. I know this may not be the best reason to contact you for help. But could you help me to introduce some reliable wood chip suppliers from Brazil?

**Thank you very much in advance**

**Jimmy Li**

**Resposta por Celso Foelkel: / Answer by Celso Foelkel:**

**Dear Mr. Li**, please try the following companies to check availabilities, however they do not just work with *Eucalyptus grandis*, but other hardwood species:

<http://www.amcel.com.br/en#about/>

and

<http://www.setaonline.com/en/mita-woodchips>

and

<http://www.tanac.com.br/en/unit/woodchips>

I hope you may have success.

**Regards**  
**Celso Foelkel**
